Miniature Line Voltage Graze Fixture.

MODA MINI GRAZE INTERIOR is an exciting brand new Wall Grazing Lighting System built upon our Award winning, patented, MINI COVE Series. This patented series is now available in DMX controllable Dynamic White. Ideal for cove and alcove applications where high quality tunable white is a requirement. Advanced MODA Microprocessors allows the fixtures to be controlled via standard DMX512 signals, this, together with a non-linear dimming algorithm results in ultra smooth transitions and dimming across the white light spectrum.

Wall wash any indoor application with its integral linear optic of 30° x 100° for a perfect asymmetric beam pattern with no color over angle, no striations and no dark spots up to 20ft (6m). Achieve long single runs of up to 240 feet decreasing the number of wiring circuits required in an installation. Another step forward in this category of small sized fixtures is the Universal power input. We designed a small MODA Micro Driver specific for MINI GRAZE enabling it to accept 100-277V AC 50/60Hz, thus decreasing the number of SKUs needed to be held by any of our Worldwide distributors and giving the installer a choice of power inputs from one fixture.

The fixture incorporates an integral, patented, self-locking bracket which can slide along the body of the fixture and be rotated 170 degrees. The built-in male & female connectors have thumb latch connectors resulting in fast, simple installation. Constructed from lightweight, durable aluminium with excellent thermal characteristics as well as integrating quality American Made electronic components. The specialized polymer optical lens combined with a cleverly designed Light Chamber delivers a light bending 200 degree beam pattern, perfect for cove installations with no color over angle, no striations or dark spots.

With the ability to mix our own phosphors MODA MINI GRAZE INTERIOR maintains a High Color Rendering Index of 96-98 regardless of the color temperature selected. R1-R15 tested to TM30-15 with values in excess of 90, creating beautiful illumination.

MODA MINI GRAZE INTERIOR, Dynamic White allows the ability to control color temperature within the same small fixture. Research has shown that adjusting color temperature will affect mood. The sun naturally cycles through various color temperatures every day. Cooler color temperatures stimulate a focused, alert state and increase productivity. Warmer color temperatures contributes to a calmer, relaxing environment and data shows it enhances melatonin production at night. MODA Dynamic White is able to mimic daylighting and the natural circadian rhythms that accompany it. Specifiers are encouraging the use of these platforms to enhance education, healthcare, retail, hospitality and even correctional facilities. Yellows and gold finishes are enhanced with warmer color temperatures. Silvers appear brighter with cooler color temperatures. While enhancing the ambience of space using Dynamic White is an important aspect of the technology, the ability to address and control each 1ft individually also allows the user to create various scenes within the white light installation for example color temperature cross fades, chasing scenes and sparkles.

Choose from Dynamic White (2200K-6500K), Dynamic Warm (1800K-3000K) or Dynamic Cool (3500K-6500K). 1800K is candlelight - perfect for hospitality. 2700K is an excellent example of incandescent looking illumination. Colors are crisp and sharp, ideal for all applications which require a high quality incandescent look. The MODA LIGHT 3000K is often described as one of the best looking 3000K in the industry. 3500K is the color which has now become our standard go to temperature. 4000K is perfect for offices and retail. Single binning means every fixture will have the same CCT - something that MODA has been doing since 2006. Choose from 1ft or 4ft sections. Accessories include a MODA DMX Wiring Hubs for fast hassle free wiring and an easy to install mounting track. Choose from 1ft or 4ft Dynamic White fixtures.

Tested by Intertek to UL1598 for use in USA & Canada. CE Approved. WEE. RoHS Compliant. TM-30-15 Tested. US Patent No. D787,112 and D783,890.

Product Innovation Award (PIA) Winner 2016 for Best Luminaire. LFI Innovation Award 2017 Finalist for Dynamic Color, Theatrical, Cove, Strips and Tape. Lux Award Commended for Interior Product of the Year 2016. Darc Awards Finalist for Best Architectural Lighting Product - Interior Luminaires 2016. International Design Excellence Award for Innovative Product Design Finalist 2016.

Designed & Developed by MODA LIGHT in Las Vegas, USA.

Angle Adjustment

Wallwash Optic.

Wall wash any indoor application with its integral linear optic of 30° x 100° for a precise beam pattern with no color over angle, no striations and no dark spots up to 20ft (6m).

Setback Chart

10ft Wall	1ft
15ft Wall	1.5ft
20ft Wall	2ft

Recommended Setback from wall is 1/8 of wall height.

MODA MINI GRAZE MOUNTING TRACK

Mounting Mini Graze.

Allows users to install Moda Mini Graze fixtures in a continuous linear position. Moda Mini Graze Mounting Tracks come packaged in 5 pieces of 4ft sections to create a continuous run of 20ft.

Options	
Finish	G - Gray
Length	4ft - 4' Sections
Quantity	5 Pieces (20ft)

Physical	
Applications	Graze, Accent
Construction	Polycarbonate

MODA MINI COVE LOUVRES ASYMMETRIC

Asymmetric Mini Cove.

Provides light control and cutoff of glare for cove and wall grazing applications without causing significant light loss. For four foot fixtures use four of these louvres.

Options

Finish	B - BLACK
Length	1ft

Physical

Applications	Cove, Accent, Graze
Construction	ABS

MODA MINI COVE LOUVRES SYMMETRIC

Symmetric Mini Cove.

Provides light control and cutoff of glare for cove and wall grazing applications without causing significant light loss. For four foot fixtures use four of these louvres.

Options

Finish	B - BLACK
Length	1ft

Physical

Applications	Cove, Accent, Graze
Construction	ABS

MODA MINI COVE LOUVRES HONEYCOMB

Honeycomb Mini Cove.

Provides light control and cutoff of glare for cove and wall grazing semi direct view applications. For four foot fixtures use four of these louvres.

Options	
Finish	B - BLACK
Length	
1ft	
Physical	
Applications	Cove, Accent, Graze
Construction	
ABS	

DMX LEADER CABLES
